

Hurdles Crew Ja

Sharper yet!

PRESS RELEASE

June 9, 2025

FOR IMMEDIATE RELEASE

The management of Hurdles Crew JA takes this time to thank you all for your continued support throughout the season thus far.

We are using this opportunity to address a reccuring challenge and would like to make it easier for all to understand how information is disseminated within the section. Please be advised that information regarding meets and any crew activity is published first and foremost in the respective crew groups (i.e. **Hurdles Crew JA, JAAA Measurement Judges Scientific, etc**) following the determination of who will be working at these meets and activities, a list is generated and published on our website <https://hurdlescrewja.org/main/>. This link is then sent in our community group **Track and Field Alerts** for your perusal. Outside this established protocol, the only instance(s) members will be contacted outside the group will be in the event we need additional persons to work at an event which would've already been posted in the respective groups. In this regard the main point of contact will be Devonio James, JP or one of the members of the administrative team which would be Shane Ewards, Annalecia Small, JP, Chelsea Harley, Khamali Powell or someone designated to do so by the administrative team which would be announced.

We are aware members of our team who have decided to branch off to form their own crew and we are completely fine with same. However be advised, this is not a JAAA sanctioned section, as such we are not affiliated with that section and the use of the name Hurdles Crew JA is strictly forbidden. We are also using this opportunity to inform senior members and JAAA members that they are not permitted to work in both sections for the aforementioned reason.

Sincerely,

Management
